Women in Engineering

**YOU ARE CORDIALLY INVITED TO THE
INAUGURAL LUNCHEON OF THE
Women in Engineering Club
24 AUGUST 2017
AT THE
22ND INTERNATIONAL CONFERENCE ON
DIGITAL SIGNAL PROCESSING— 50TH ANNIVERSARY
23-25 AUGUST 2017, LONDON, UNITED KINGDOM**

The **WIE Club** ...

aims to encourage, promote, acknowledge and recognise the manifold contributions of women at the very cutting edge of engineering

&

is open to women and men from all engineering disciplines.

Diversity is essential in **Science, Technology, Engineering and Mathematics**, and without a shadow of doubt, **women add value to STEM!**

The **WIE Club** is hosting a special session on the impact of women in **STEM**, presented by WIE Club Chairperson, Dr. Paulina Chan. Our special session has a focus on disruptive technologies, which will cause social changes affecting the whole of society. So, do come along and share your insights, plans and experiences with us.
